

# Champion Wrestler's Great Strength

John J. Zimmer, Amateur Champion Middleweight Wrestler, Says His Wonderful Strength Is Due to Regular Use of That Marvelous Tonic and Invigorator, Duffy's Pure Malt Whiskey.

He Writes: "All the medals I have won in athletics and honors I have gained on the wrestling mat I owe to Duffy's Pure Malt Whiskey."

JOHN J. ZIMMER.

Gentlemen: All the medals that I have won in athletics and the honors that I have gained on the wrestling mat I owe to Duffy's Pure Malt Whiskey. I began to take your medicine four years ago, when I was a mere stripling and very much run down in health and weak in body. I had been bedridden for four months, and the doctors thought I would not recover. When an athletic instructor, a neighbor of ours, took me in charge. He stopped all medicine and gave me Duffy's Pure Malt Whiskey, and with the aid of massage brought me back to normal health. Since that time I have trained regularly in the gymnasium and have known no medicine except Duffy's Pure Malt Whiskey.—JOHN J. ZIMMER, Amateur Champion Wrestler.

## BAND BARRACKS ARE COMPLETED

HANDSOME NEW TWO STORY BUILDING IS FINISHED AT FORT BARRANCAS FOR THE EIGHTH ARTILLERY BAND.

The new band barracks at Fort Barrancas, which have been under course of construction for a number of months, have been completed and the building was turned over Thursday to the army department.

The contractor was H. Monk, and the building is a very handsome and commodious one. In fact, it adds much to the appearance of the post, being of two stories and constructed of the very best material, and finished inside handsomely. The government will accept the building, and the members of the Eighth artillery band, for whom it was constructed, will shortly move into their new quarters. Contractor Monk has a large amount of other work in progress at the fort, which will be finished within the course of the next few months. Among the work is a new barracks for the artillery and one of the finest gymnasiums in the south.

### A DERVISH'S PROPHECY.

His Strange Prediction Strangely and Literally Fulfilled.

It was at Cairo that Empress Eugenie, at the height of her power, heard of a celebrated dervish and determined to consult him. Thickly veiled and disguised, she went, accompanied by one of her ladies in attendance, to see him. On entering his abode the dervish rose, made a low obeisance and addressed her thus: "Welcome, you are thrice welcome to my humble dwelling, O empress." Eugenie, vexed and astonished, replied, "How do you know that I am an empress, and who told you I was coming here?" The dervish answered: "The stars and Mohammed know everything. I knew since your arrival in Egypt that you would come to me, and I have patiently waited every night, for afterward I am commanded by Allah to make my last journey to Mecca and die."

The empress, very frightened, was getting up to leave, for she began to fear this mysterious man; but, summoning courage, she said in a haughty tone: "It is true that I am the empress, though no one knows it but my attendant. Tell me what you can of my future, tell me all, and tell me truly," at the same time offering him her hand and showing him the palm to examine; but the old seer never touched her jeweled fingers. Raising himself to his full height and dropping his staff, he held his hand aloft as an invocation to Allah. Looking down pitiously on the dark figure of the empress, he murmured slowly: "There is no god but God, and Mohammed is his prophet. At your birth the stars foretold for you great power and greater sorrow, for your happiness will only be temporary, but your sorrow will last forever. You are doomed to lose your throne, your husband and your son and wander alone through the world like a lost star."

"These events will not happen at once, for the blow would kill you. To you as an empress it will not be permitted to enter the land of your husband or son except by permission of those you despise. You will have to seek a home with strangers, and the dress of woe will never leave your form; your jewels will be but tattered drops. I have said." He had scarcely ceased when the empress, terrified and angry, threw at his feet a purse of gold, crying out: "You base impostor, take the fruit and reward of your lies and let me out of your den!" Then, rushing hurriedly out, she ran swiftly away. This strange and unhappy prediction was made in 1869. How literally it has been fulfilled events have proved.

### Turkey Farmer's Secrets.

The turkey farmer pointed to a small mill wherein a petroleum engine chug-chugged vigorously.

"In that mill," he said, "the feed for my 2,000 turkeys is ground. The whole secret of successful turkey raising lies in abundant feeding. It keeps six men busy to feed my birds. They are fed five times a day, and each turkey gets as much as he can hold. Carrots boiled in lard and crushed barley and milk are very good fatteners, and the birds stuff themselves with them. Then, the last thing before going to roost they eat all the oatmeal porridge and buttermilk they can find room for.

"Cocks cost more than hens on the market, because they are harder to raise. If they get together they fight and kill one another, and they eat, furthermore, five times as much as hens. A cock three hours before killing is made to swallow a half pint of vinegar. This vinegar makes his flesh fine and tender; without it he would be coarse and tough. A turkey farm like mine pays easily from \$1,500 to \$2,500 a year."—Boston Cultivator.

## NEW PRESIDENT OF WESTERN PACIFIC

E. T. JEFFREY, OF D. & R. G. ELECT.

ER AT MEETING IN SAN FRANCISCO—BOND ISSUE AUTHORIZED.

By Associated Press.

San Francisco, June 23.—Meetings of the directors and stockholders of the Western Pacific railway company were held here yesterday. Fifty million dollars of first mortgage bonds were authorized and a mortgage was directed to be made of all the property of the railroad to the Bowling Green Trust company of New York as trustee. The interest on the bonds is guaranteed by the Rio Grande and Western railway company. Certain traffic contracts between the Western Pacific and the Denver and Rio Grande railroad company and the Rio Grande Western railway company were authorized. The board of directors called a meeting of the stockholders for the purpose of increasing the capital stock of the Western Pacific from \$50,000,000 to \$74,000,000. This increase of the capital stock will be authorized at a stockholders' meeting to be held August 23.

W. J. Barnett tendered his resignation as president of the Western Pacific and E. T. Jeffrey, who is president of the Denver and Rio Grande, was elected president. Other elections were:

The new directors are as follows: J. F. Valle and A. H. Calef, of the Missouri Pacific; F. W. M. Cutcheon, of New York; Warren Olney; H. Ward and W. J. Shotwell.

## The Journal's Daily Fashion Feature

### SMART BOLEERO BLOUSE.

Many possibilities are shown in this smart blouse, where lace, crepe de chine and satin are all used. There is a fitted lining, over which the bolero of lace is disposed, this edged all around with a bouillonne band having deeply corded edges, this in the crepe. The collar and chemisette are likewise of the lace, and a very pleasing touch is afforded in the use of a marquis blue satin to simulate waistcoat revers inside of the bolero below the neck, and also to furnish the deep swathed grille that rounds downward in the front. The sleeve is entirely of the one-piece crepe de chine, and is simply a series of three puffs, separated by narrow bouillonnes, each having corded edges. A lace trim makes a pretty finish below the elbow. As a design for remodeling this has many points of excellence.

## THE KNIGHTS OF COLUMBUS

WILL INITIATE THIRTY-ONE MEMBERS SUNDAY MORNING—ONLY THE FIRST DEGREE TO BE GIVEN THE NEW CANDIDATES AT THAT TIME.

Thirty-one new members will be initiated into the Order of the Knights of Columbus tomorrow morning, which will swell the membership of that order to a considerable extent. The new members will be initiated only in the first degree, as the exceedingly warm weather prevents putting them through all of the degrees.

The members of the order and the candidates will meet at their hall on West Intendencia street, Sunday morning at 8:45 o'clock and proceed to St. Michael's church, where the service conducted there will be attended. Afterwards the members, with the candidates, will return to the hall, where all of them will be given the first degree.

The class is a large one, and it is expected that the initiatory services will be most interesting. The addition of these candidates to this growing order will cause the membership to increase considerably, and it is stated that in addition there are also an equal number who wish to become members, but whose applications are required to pass through the usual course before they can be elected.

### Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

### Dogs That Are Overfed.

"Nine out of ten of the pet dogs brought to me for treatment are the victims of overfeeding," said the doctor of a dog hospital. "There is nothing in the matter with them. One meal a day is sufficient for a healthy grown dog even when he is allowed to run about the streets. Pet dogs that have nothing to do but loiter in the laps of their owners are fed three or four times a day. That is wrong."

"A dog has good digestive powers, but the process is very slow with him. He is easily overfed. The opinion that the dog can digest almost anything is erroneous. Although meat is the dog's natural food, it should never be given in its raw state. Raw beef bones, too large to swallow, are good once or twice a week. They supply phosphorus and cleanse the teeth. The most healthful food for dogs is table scraps, boiled over and fed cold."—New York Press.

## The Effective Remedy

WASHINGTON, IOWA, April 4, 1908.

I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me. The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 18 bottles in all I was as healthy and regular as any woman could wish to be.

My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.
